THE FURNITURE MEN

The Vice of Two Worlds.

Since the days of Hippocrates, no doubt, the evil effects of the "growing drink habit" among women has been a fruitful topic of discussion among reformers and physicians. Just now London, Paris and New York are wrestling anew with the problem of what is to become of the future generations if the mothers of the future generations are to be tipplers.

London, Paris and New York are in the habit of thinking of themselves as the world, and even in the habit of committing the graver error of thinking of their tenderloin districts as places in which the world is to be studied.

London, Paris and New York are spectators of the disquieting spectacle of "women of the best society" drinking intoxicants in restaurants. The world is, therefore, going to the bows-ows. If the "women of our best society" are victims of drink, we're lost, according to the arguments of learned physicians.

Women, in America at least, are abstainers. Exceptions to the rule are women of the demi monde and some of the women of the grande monde. Where there are a handful of feminine consumers of cocktails in what is called society, there are thousands of women who do not know the taste of cocktails, and who know the color of champagne by hearsay only. There are other thousands in what is customary to call "the lower walks of life" equally innocent of a consumer's knowledge of the taste and effect of mixed drinks.

That women "of the best society" are seen drinking in public places does not indicate that the world is more wicked or in greater danger than it has always been, but merely serves to call attention to the fact that in some ways the grande monde and the demi monde are not so far apart. They were not when Babylon flourished.

Of course, "society" women might do well to set inferior beings a better example, but, as Kipling often says, that is another story.—Courier-Journal.

Y. M. C. A. Biennial Convention Will be Held at Winchester February 20 to 23.

Henry E. Rosevear, State Secretary of the Young Men's Christian Association of Kentucky, announces that the next biennial convention of the associations will be held at Winchester February 20 to 23. The invitation for the convention was united in by the Winchester Commercial Club, the Ministerial Association of the city and the faculty and Young Men's Christian Association of Kentucky Wesleyan College. It is expected that the forthcoming gathering will exceed in size and representative character the last convention held in Lexington in 1906, when over 400 delegates were in attendance. The State Executive Committee is planning a strong program for the convention, and among the speakers will be Gov. R. B. Glenn, of North Carolina, who will address the convention on Washington's Birthday. Winchester is making elaborate preparations for the entertainment of the convention, and is planning to follow the convention with a canvass for a \$25,000 Young Men's Christian Association building.

Canceled on Lexington Tobacco and Tobacco Warehouses.

A GENERAL RAID IS FEARED.

At a meeting between Gen. Roger Williams, Brigadier General of the State militia, Mayor John Skain and Chief of Police Reagan at Lexington it was decided to make every preparation for repulsing the night riders should they come to that city. Because of the fact that nearly a half million pounds of tobacco is being sold there daily it is feared that a general raid might be planned with Lexington as the objective point. The police force in this case would be too small and the civil authorities asked that a demand be made for State troops.

Immediately following this meeting there was a general meeting at the courthouse at which County Judge W. B. Brock, president of the local board of fire underwriters, and Silas Shelburne, of the Shelburne Warehouse Company, were appointed a committee to go to Frankfort at once and confer with Gov. Wilson and Adjutant General Johnston. A meeting was arranged by General Roger Williams over the telephone.

The cause of the alarm is the canceling of the fire insurance by the companies doing business there. President Brock was ordered to cancel the insurance of all non-equity tobacco and tobacco warehouses and on \$75,000 of the \$100,000 worth of tobacco held by the Equity Society.

GUARDS TO BE PLACED AT FLEMING INSURAGE.

On account of the depredations of the night riders in Bath county, the Fiscal Court of Fleming county and the City Council of Flemingsburg both held called sessions. The Fiscal Court agreed to furnish six guards for ten days to protect the town, while the City Council agreed to furnish as many more as they deemed necessary.

A resolution was passed requesting that the tobacco buyers cease buying any more tobacco until a definite adjustment of the tobacco situation has been reached, but that they shall receive all the tobacco which they have purchased up to this time. The tobacco buyers did not assent, but it is believed they will accede to the request.

\$50 Reward.

I will give a reward of \$50.00 for the arrest and conviction of the person who removed the signboard on my land on the Levee pike in Montgomery County, Ky., upon which I had painted the words "posted" and fastened to a tree on said farm, in a conspicuous place. The same reward will be given for the arrest and conviction of any person who may hereafter remove one of said signs.

Governor Requests Ayres to Remain.

Gov. Willson and Insurance Commissioner Bell have asked State Fire Marshal Mott Ayres to continue in office until his successor is named and qualified. Col. Ayres' services were deemed necessary because of his knowledge of conditions in the recent night-riding outrages in the tobacco districts. He consented to serve longer only on the condition that he be not required to conduct any more investigations, as thus far his efforts in this direction have been unavailing. On this condition he is holding on.

TRAIN GOES INTO DITCH.

Three Persons Killed in Southern Disaster and Eighty Are Injured.

Running at a speed of thirty miles an hour, the second section of an excursion train on the Southern railway, from Cleveland, O., known as the Collier special, and bound for Florida points, plunged through a trestle over Copper Mine creek, about fifty miles west of Atlanta, Ga., Tuesday afternoon, and as a result three persons are dead, two others are fatally injured and eighty passengers were so seriously injured as to require medical attention.

It was nearly midnight when the Southern railway relief train reached Atlanta, bearing the body of Engineer James Edwards and about fifty of the injured. Road Foreman of Engines Schnapps and the negro fireman, Mose Baldwin, both fatally injured, were also on the relief train. Schnapps and Baldwin died soon after reaching the hospital.

Many of the other injured were lifted from the car windows in Atlanta and conveyed to hospitals, while some of the hurt were able to take cabs to local hotels.

The wreck occurred about 3 o'clock in the afternoon, five vestibuled Pullmans being precipitated twenty-five feet to the bed of the creek, one of them being torn asunder. Two hundred passengers went down with the coaches.

Noble Thoughts.

Deep down in the heart of the normal man is the desire to do right. There is more good than evil in the world. As man progresses he becomes better. There is no total depravity. We are all creatures of heredity and environment. We are as good as our environment will permit us to be. We are no worse than our surroundings.

Men are but children of larger build. Environment affects him as readily as it does the child. Character building ceases only at death. The natural tendency of every normal child is to do right. There is a natural reaching toward the light. A seed planted bursts through the soil and in favorable conditions becomes a perfect plant. If the conditions are unfavorable it does the best it can. A stone in its way may deform it, but its every struggle is to be perfect. There are no "freaks of nature." Nature never makes mistakes. Nothing is wrong without a cause.

Surrounded by influences for good a child will follow the natural instincts of its nature and become a good man or woman unless an evil disposition is inherited. Perfect surroundings will remedy that. The innate desire to do right struggles always in man. The majority of the world are good in spite of environment. The plant always struggles toward the light.

Yes, this is a good, good world. Humanity is struggling through the rocks of sin toward the light. Bad, bad men abound, but the tendency on the whole is for good. The great need is for us to go to work and throw from the field of life the stones that interfere with the straight and perfect growth of the little human plants that are struggling upward toward the sunlight of good. Remove from around them the influences for evil.—Jackson Democrat.

SHAKE WELL.

Advice of Noted Authority. Also Gives a Simple Home Prescription.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap a harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bed-time.

Just try this simple home made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

The first bill introduced in the Kentucky Legislature was for the repeal of the dog tax law.

You'll be glad if you do and sorry if you don't go to Guthrie's Cut Price Sale.

Three Brothers Arrested.

So many freight trains on the C. & O. had been broken into and robbed between Salt Lick and Olive Hill that the railroad company employed detectives with bloodhounds to try to capture the robbers. After the robbery of a car several days ago the bloodhounds followed a trail to the home of Grover and Van Flanery near Olive Hill. The house was searched and enough goods found to stock a store. The Flanerys were not at home, but Geo. Tabor, U. S. Deputy Marshal, took up the hunt and traced them to Devron, W. Va., where they were arrested. With them was found another brother, John, who was wanted here on the charge of killing James Perry (or White) some years ago by reckless shooting. Perry and Flanery had been in a show at Salt Lick and were going towards Midland City when the killing was done. Flanery had evaded arrest and there was a State reward offered for him. The officer brought Grover and Van Flanery to the Grayson jail John on to the Owingsville Sunday.—Owingsville Outlook, Jan. 9.

Adj. Gen. P. P. Johnston ordered a lieutenant and ten men of the First regiment to Lebanon to protect the factory of the American Tobacco Company at that place. Lebanon has been threatened by the night riders for several days.

Sketch of Life of H. W. McDermott.

Hugh W. McDermott answered to his final call Friday, December 27th, 1907. Burial at Mt. Sterling Sunday, Dec. 29th, 1907.

He was born in Richmond, Va., Nov. 4th, 1819. When about 16 years of age he went to Nicholas County, W. Va., near Summersville, where he spent most of his younger life. He was a very prosperous stock trader and slave owner; also was Sheriff of Nicholas county two terms and was serving his last term when the civil war broke out and on account of his strong sympathy with the Rebellion he left Nicholas county and came to Kentucky, settling at West Liberty, Morgan county. At this place he engaged in the coal and stove business, marketing same at Cincinnati and intermediate points along Licking river. He moved to Farmers, Ky., about the time the railroad was built to that place where he engaged in the hotel business. From there he drifted to Salt Lick and about 22 years ago he settled at Olympia.

He was twice married. His first wife was a Miss Lemaster, of Nicholas county, W. Va. Five children were born to this union—2 now living—a crippled son, Addison, and a daughter, Mrs. Ann E. Raider, of Nicholas County, W. Va. His last wife was Miss Rebecca Ann Campbell, also of Nicholas County, W. Va. Nine children were born to this union—3 now living—Mrs. Newton Johnson, of Grange City, Ky., Mrs. Jas. Horton, of Mt. Sterling, Ky., and Mrs. H. O. Irwin, Olympia, Ky.

His last wife died at Olympia, Ky., Dec. 1, 1894. Since that time he has been making his home with his youngest daughter, Mrs. H. O. Irwin.

Uncle Mac or Grandpa, as everybody called him, was always ready with a smile and joke to meet his many friends and at all times ready to lend a helping hand in sickness or in distress.

In the early part of his sickness he confessed his faith in his Saviour and died happy in the thought.

In his old days he was not contented to sit around and do nothing. It was his delight to assist in household duties, garden work, etc.

His many friends extend their deepest sympathy to the bereaved family in this, the hour of their affliction.

Letter From Congressman.

We have the following from Congressman Edwards of the 11th District:

Mr. B. W. Trimble,

Mt. Sterling, Kentucky.

My dear sir:—I appreciate, very much, your nice letter of the 3rd instant in regard to the Bill I have pending to aid states in prohibiting the sale of liquors.

I expect to use every proper effort to secure the passage of this Bill and Mr. Langley will gladly assist me in the matter.

Again thanking you for the interest manifested, I beg to remain, Very truly yours,

D. C. Edwards.

To Hold Fair.

The Elks at Winchester appointed a committee to arrange for holding a fair this year. The owner of the old fair grounds proposes to put them in order and make all necessary improvements. It is also the intention to extend the Main street car line to the grounds.

CUT-PRICE TIME GRAVES, COX & CO.

Of course you've been waiting for it. And of course we've been preparing for it. While we've sold "a world of goods" thus far this season, we've still got MORE THAN WE WANT left, to go now at CUT PRICES. Orders for regular stocks, and also for holiday specials--placed in anticipation of unusually large business--gave us unusually large stocks. NOW we'll have to make unusually LARGE PRICE SACRIFICES to put us in normal condition for spring. Of course OUR LOSS is YOUR GAIN; and the QUICKER we both take what's coming to us the BETTER. So come on now, sir, for your OVERCOAT or SUIT. And remember that WHATEVER HAPPENS YOU CAN ALWAYS GET THE MOST FOR YOUR MONEY in these things from us.

First Pardon.

On Saturday Governor Willson issued his first pardon, a Louisville second-hand dealer, who with other Jews, was pursued by a mob. The merchant was fined \$25 and got ten days for carrying a pistol. Governor Willson announced that this was his first and only pardon for anyone who had been convicted of carrying a concealed weapon. Rosenberg was out on bond and did not serve any of the time in jail.

Is Your Hair Falling Out?

A few hairs here and there are not missed, but it won't be long before they will be leaving in such large quantities that you will regret the fact that you haven't done something to prevent the ultimate end—baldness. Rexall "93" Hair Tonic promptly stops falling hair, cures dandruff and will stimulate a new growth of hair. It has done so for others. It will do so for you. It is not sticky or gummy; will not thicken on the hair; does not become rancid; has no disagreeable odor; is clean and agreeable to use.

At our store, only fifty cents a bottle. Satisfaction guaranteed or money refunded.

A REASON

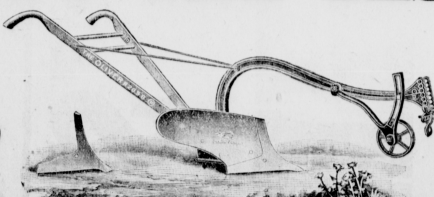

Why we guarantee Rexall Remedies.—We believe that The United Drug Co., the proprietors of the Rexall Remedies, have inaugurated a perfect system of supplying ready-made prescriptions. They make 200 remedies under the trade-name "Rexall." Each remedy is a well-tried recipe of a famous physician who is a specialist in his line.

What Do They Cure?

The above question is often asked concerning Dr. Hesse's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription". The answer is that "Golden Medical Discovery" is a most potent alternative of blood-purifier, and tonic or invigorant and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchi, stomach or bowels. It cures dyspepsia, ulcers or other pelvic organs. Even in the most chronic or obstinate cases of these affections it is often successful in effecting a cure.

"Favorite Prescription" is adapted for the treatment of all the diseases of the urinary system, such as gonorrhea, urethritis, cystitis, etc. It is a powerful yet gently acting invigorant tonic and nerve. For weak women, it is a most valuable remedy. "Favorite Prescription" will be found most effective in building up the strength, regulating the woman's functions, subduing pain and bringing about a healthy vigorous condition of the whole system.

A book of particulars for each bottle giving the formula of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Dr. Hesse's medicines by such writers should be most weighty and of any amount of men—professional, testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-narcotic, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to neglect as a substitute for one of these medicines of sound composition, any secret nostrum.

Dr. Hesse's tablets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver, bowels.

Slow to Take Office.

A \$2400 job under the new administration has been twice refused.

Stanley Milward, of Lexington, Friday notified Auditor James that he declined to accept the position of Fire Marshal, tendered him, when the declination of C. M. Barnett was received by the Auditor.

Friends of Mr. Milward say, that he has in view a position, which will prove much more congenial and not necessitate that he give all of his time to his duties.

It was said that soon after Mr. Milward was turned down by Auditor James for the appointment in favor of Mr. Barnett, Governor Willson promised him a position on the Board of Control next year, when the term of Dr. Board expires.

On Saturday Auditor James tendered the appointment to W. F. Nelkirk, of Washington county, and it was accepted.

Equity Society Denies Responsibility for Lawlessness.

The Committee on Resolutions of the State Union of the American Society of Equity, in session at Henderson, Ky., on Friday, reported through its chairman, W. E. Bourland. The resolutions are in part as follows: That this body memorialize Congress to enact such laws as will curb the trust.

Congratulating the stemming district for the harmony of the members of the A. S. of E. with the business and professional men and worthy of emulation by other counties in this State, and that this spirit of harmony does more to maintain law and order than all the soldiers and Gatling guns in the Commonwealth.

All violations of law, "whether it be trust magnate or night rider," are condemned without reservation.

The peaceful men who go unarmed in day time are commended, and "we declare that all charges, whether made by the Chief Executive of Kentucky or the subsidized press, that the A. S. of E. is chargeable or responsible for any lawlessness in Kentucky, are without foundation."

Secretary Robertson's annual report showed a balance on hand of \$164.24, with all debts paid. Receipts from State and national dues were \$17,650.73. There are now 741 active locals in the State with 18,001 members. Five thousand six hundred and one of the members were added during the past fiscal year. Seventy-five counties have been thoroughly organized and have live county unions.

Great Success.

RELEASED FROM PRISON.

Re-arrested on Three Warrants.

Jno. Fav. of this city, who was sentenced to penitentiary and served a 3 year term, less 4 time for good behavior, was released and came back on Sunday at 12:25. As he stepped from the train he was arrested by deputy sheriff Richardson on three charges—setting up crap table, gaming and shooting with intent to kill—old charges held against him. He was placed in jail. The bail in these cases was fixed at \$1,000; \$500; \$100. Unless he gives bond he will be confined until Circuit Court, which meets next week. The shooting referred to was that of Lieutrell Fassett.

Arm Off.

At Beattyville Charles Blount, 15 years old, while hunting, shot his arm off.

Independents Won't Buy Pledged Tobacco.

At Hopkinsville, Ky., on Jan. 10, three independent buying houses of Hopkinsville, the Imperial Tobacco Company, the American Snuff Company and the Tandy & Farleigh Tobacco Company, representatives of the Italian Regie, signed an agreement not to buy any tobacco pledged to the Dark Tobacco Association or the American Society of Equity, and not to receive same if it should be unknowingly purchased. This is to contradict the current reports that their buyers are trying to induce farmers in the pools to violate their pledges. The agreement was brought about by Mayor Meacham, in an effort to establish a better feeling between the tobacco buyers and the association.

Progressive Granges.

At their annual meetings last month State Granges of New Jersey, Indiana, Delaware, Pennsylvania and Michigan passed woman suffrage resolutions. The Ohio Grange, already on record as favoring full suffrage for women, adopted a resolution endorsing woman suffrage in local option elections. California, Illinois, Kentucky, Maine, Maryland, Minnesota, New York, Oregon and Washington Granges are others which have declared for equal suffrage, while the National Grange not only endorses it but recommends its discussion in subordinate organizations.

Arrested for Crime Committed Thirteen Years Ago.

In August, 1895, a young man, Horace Reynolds, was killed in this county. Jno. Hawkins was suspected. Fearing violence he left the county. On last Friday he was brought to this city by J. L. Allen, a detective of Estill county, and was placed in jail. A reward of \$250 had been offered for his arrest. Circuit Court convenes next week.

Getting Ready for Work.

The work of relining and preparing the two iron furnaces of the Virginia Iron, Coal and Coke Company at Middlesboro is to be pushed with all possible haste. The Middlesboro furnace, which has been in blast for two years, was closed two weeks ago, but shortly afterward orders were received to rush the work of preparing both furnaces.

Farmers in the Southwest are getting rich on the increasing value of their farms.

Not so very many years ago Illinois and Iowa land sold for ten dollars an acre. More recently Nebraska lands sold at that price. Look at them now. What makes them so high? The land is no better than it was then. What caused the price to go up? People—nothing but people, and lots of them. History will repeat itself in the Southwest—very little will not take so long. The Southwest is growing very fast; much faster than any other section of the United States. The land in the Southwest is just as good as Illinois, Iowa or Nebraska land. But there is more land than there are people, that's the only reason it's so cheap. How long do you think it will take the Southwest to get as many people to the farm acre as Illinois or Iowa have? Just about five years—ten at the very outside. When that time comes you will have to pay just as much for land in the Southwest as you would pay in Illinois or Iowa.

Why not buy your farm in the Southwest now—when you can get it cheap—cheap enough for you to get a big one? A few years hence you will be looked upon just as the man who owns 640 acres in Illinois is looked upon to-day—as a substantial, well-to-do, leading member of your community.

The low rate excursions via the Rock Island-Prisco Lines the first and third Tuesdays of each month, offer you an opportunity to see the Southwest at a very little cost. Take this opportunity and let us help you find a better location.

Let me send you some interesting literature about the Southwest to read these days. Write for it. Give your address, name, and the name of the nearest station where you live. I will send you absolutely free any of these books you want.

The Rock Island-Prisco Lines have no lands for sale and are only interested in getting good, energetic settlers for the fertile unsettled lands along their lines. Write today and let us help you find a better location.

DEATHS.

REID.—Rev. Clarence Reid, of Oakland, Cal., arrived on Thursday with the remains of his wife, Mrs. Blanche Miller Reid, who died Dec. 31, 1907. The funeral service was held at the residence of Mr. Albert Hoffman at 2 o'clock by Rev. E. L. Southgate and the burial was in Maplelath.

RATLIFF.—On Friday a message was received from New Orleans saying that Charles B. Ratliff, formerly of this city, had taken his own life. A letter addressed to N. R. Ratliff, Winchester, Ky., was found in his pocket. The Chief of Police at that city sent five telegrams. Same failed to reach destination, so the body was buried. Later a message was received, and Charles' brothers Caleb and N. R. left at once to bring the body to Sharpsburg, where it will be buried.

CALMES.—Mitchell Calmes died Friday at Winchester, aged 35 years. He had served as a Deputy U. S. Marshal, as Chief of Police of Winchester, and one term as City Collector. He was re-elected City Collector at the last election. Mr. Calmes is survived by his parents, one brother, Walter, and two sisters, Mrs. Lee S. Baldwin and Miss Alice Calmes. The funeral was held Saturday at the Winchester Christian Church under the auspices of Odd Fellows and Elks. He was a nephew of Mrs. B. F. Cockrell.

Decayed From Home and Robbed.

At Lexington, Ky., Thomas E. Oldham, a storekeeper-gauger was called from his home on pretense of mission of mercy Saturday afternoon, knocked in the head and robbed of \$80, his month's salary. Mr. Oldham and his wife had been to the theater and reached their home at about midnight. Soon after their arrival there was a knock on the door. When Mr. Oldham responded, he found a well-dressed man who told him that a man was lying in the street on Broadway, evidently badly hurt and asked Mr. Oldham if he would come with him to see what could be done for the sufferer.

Mr. Oldham cheerfully accompanied the stranger. When they reached Broadway there was no sign of the alleged sufferer and the stranger said that the man must have crawled away and suggested that they look around the corner of Dr. Platt's stable near where they were standing. As they turned the corner of the stable into the darkness the stranger suddenly struck Mr. Oldham two heavy blows with a slungshot, knocking him senseless. When Mr. Oldham recovered consciousness he found that \$80, representing his month's salary, which he had drawn the previous evening, had been taken.

RELIGIOUS.

On Sunday morning and evening W. J. Graham, of the Christian Church Widows' and Orphans' Home, Louisville, spent Sunday in our city, the guest of Rev. H. D. Clark. To the Bible School and morning audience he told of the Home and blessed work being done. The offerings for it at these services amounted to \$54.35. He preached at evening an interesting sermon setting forth the liability and danger of neglecting the salvation proclaimed in the New Testament.

Negro Pressmen.

Mt. Sterling, Ky., Jan. 8, 1908. To the Members of the Negro Press Association of Kentucky, Greetings.—Since this is the year for the election of a president of the U. S. and that the question of the indorsement of a candidate is already being discussed, that the Negro is a part and parcel of this government, and he has already been anticipated as to his choice for president of the U. S., we deem it wise and expedient to come together as pressmen and discuss the prospective candidates and if possible be able to take a decided and intelligent stand. The Negro press should be to the Negro what the White press is to the White man—their mouth piece. We issue a call to the Negro Pressmen in the State to meet in Louisville on Jan. 20, at 1 p. m. We also hope to consider and possibly nominate some one for delegate from the State at Large to the National Convention in Chicago. This meeting is hoped to be of greater concern to our people than any we have ever had. Respectfully yours for the Race,

Some Facts About Census Taking

Politicians, of course, will be interested in how to get jobs in the census field organization. There will be 330 supervisors of the census, who will be nominated by the President and confirmed by the Senate.

Supervisors shall be paid according to the population of the districts. In a district having more than 750,000 inhabitants the supervisor shall receive \$1.50 per thousand. The pay increases by inverse ratio to \$1 per thousand in districts having less than 200,000 inhabitants. In addition each supervisor shall receive \$500. During their absence from their usual places of residence on emergency calls supervisors may, in the discretion of the director of the census, be allowed actual traveling expenses and subsistence not exceeding \$5 a day.

The pay of enumerators is fixed at not less than 2 cents nor more than 4 cents for each inhabitant, according to the difficulties of enumeration; not less than 20 nor more than 30 cents for each farm and enclosure for live stock not on farms and not less than 20 nor more than 30 cents for each establishment of productive industry. No enumerator shall be paid less than \$5, nor more than \$5 per day of ten hours actual field work.

It is estimated that 1,200 clerks will be required to compile the census.

One section of the Crumacker bill is intended to prevent trafficking in census jobs. It provides that if any person shall receive any fee, reward or compensation for the appointment or employment of any person as enumerator, clerk or other employee, he shall be guilty of a misdemeanor and subject to a fine of not more than \$3,000 or imprisonment not more than a year, or both.

Ordinance to Prevent Women from Smoking

An ordinance for adding women to smoke in the cafes, restaurants or other places of public entertainment was introduced at the first meeting of the new Board of Aldermen of New York, January 6. It was referred to a committee and will have a public hearing. The ordinance places a maximum penalty of a \$25 fine and ten days imprisonment upon cafe proprietors, etc., who permit women to use tobacco in their establishments.

Stomach Muscles in Old Age

People should be more and more careful, as age advances, to use that their bowels move regularly. In this way they can keep themselves in good health and prolong life. The bowels are not as active in middle life and old age as they are in youth, and with the majority there is a tendency to constipation of a chronic and obstinate nature.

To ward off the possibility of serious diseases use Dr. Caldwell's Syrup Pepsin, the great herb laxative compound. It is especially suited to the use of the aged, because it is prompt, but gentle in action, and does its work without any of the irritating effects of cathartics. It is a natural food, as it is made with oats, figs, prunes and other natural food. It is a natural food, as it is made with oats, figs, prunes and other natural food. It is a natural food, as it is made with oats, figs, prunes and other natural food.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free bottle sent them by enclosing the coupon. This offer is good until the 15th of January, and is only good to those who have never taken it. Send for it if you have any tendency to constipation, liver or blood troubles, indigestion, flatulence, or any of the ailments of old age. It is a natural food, as it is made with oats, figs, prunes and other natural food. It is a natural food, as it is made with oats, figs, prunes and other natural food.

Gatling Gun in Lexington.

On request of Mayor Skain and County Judge Bullock, who called on the Governor Wednesday afternoon, a Gatling gun belonging to the Second Kentucky Infantry was sent to Lexington. The officials of Lexington and Fayette county, told the Governor, with whom they had a long talk, that the situation was a serious one. They said that a large number of wagons, loaded with tobacco, are on the streets of Lexington, it being impossible to get the wagons inside the warehouses, which are full. They thought there might be danger from night riders and wanted to be on the safe side. The Governor told the Lexington men that he will be ready to afford the city any protection it may need at any time and will do what they think best.

Christmas Tree for Cats.

Mrs. Louise Fuller, wife of an attorney high up in social circles, gave a party at her home in honor of her two cat cats. There was a Christmas tree, on which each cat had presents for the cats. There were ribbons, collars with great satin bows, mechanical toys and Tedy bears. One of the guests of honor is just a common backyard variety of cat, but the other is a pedigreed blue Persian. They did not appear at the table, but were present at the gift distribution in the drawingroom. Mrs. Fuller is a member of the Lookhaven Cat Club, of this city, and is organizer at the Brick Presbyterian church. Rochester, N. Y. special to Chicago Tribune.

Senator J. B. BETTER PAY
Recommended For Army By Secretary Taft.

Secretary Taft is a strong advocate of increased pay for the army. With a formidable presentment showing the rapid decrease in the strength of the regular army in recent years—the loss last year being no less than 4,428 men.

The Secretary declares that, while many reasons have been advanced to explain the difficulty, a sufficient one is to be found in the inadequacy of army pay.

THE OLD AND NEW WAY

Some Important Facts Which May Prove Helpful.

Thirty years ago old-fashioned cod liver oil had to be forced down a patient's throat. Invalids couldn't take it, and children wouldn't. But the doctors prescribed it. Yet it had to be taken by force. Yet it cured people where enough could be taken into the system, for it has ever been the greatest of all tissue builders and general reconstructors known to medicine.

We are now anxious to have every one know that Vinol is a new form of this very old and valuable remedy, containing in a concentrated form all medicinal elements of cod liver oil, actually taken from fresh cods' livers, but by an extractive and concentrating process it is made without oil or grease, and it is as delicious to the taste as a fresh orange.

Vinol does not upset the stomach, like old-fashioned cod liver oil and emulsions; its strengthening and healing properties are remarkable, and both doctors and patients are delighted with its action.

Many wonderful cures right here in Mt. Sterling have been effected by its use, and we ask all of our customers to try Vinol on our guarantee to return money, every time it fails to make rich, red blood, increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, run-down, tired and debilitated, or cure chronic colds, hacking coughs or bronchitis. Wm. S. Lloyd, Druggist, Mt. Sterling, Ky.

Committee Anti-Prohibition.

That Speaker Cannon has packed the District of Columbia Committee against a District Prohibition Bill is declared by temperance advocates. There is no doubt that a District Prohibition Bill would pass the House if a vote upon it could be had. The opponents of such a measure will make practically their entire fight before the committee and have their hands materially strengthened by changes the Speaker is declared to have made in the committee personnel. These changes, it is believed, will result in the bills being smothered in committee.

Matthew O'Brien, of the Associated Prohibition Press of Connecticut, arrived to wage war on the liquor interests. Among the bills that he will advocate is the Hepburn-Deliver Bill, which prohibits shipments of intoxicating liquor into a prohibition State. Another bill prohibits the shipment of all goods from one State into another contrary to the law of the State of destination. This is more sweeping than the first, but has the same general purport. It has the support of labor unions, however, for its bearing on sweatshop and prison-made goods. The O'Brien bill, so-called, would prohibit the issuance of a Government liquor tax receipt to any person, firm or corporation that is not legally licensed in the State and town where the applicant is doing business.

State Wins Tax Case Against the Banks.

The State of Kentucky Tuesday, Jan. 7, won one of the greatest victories which has been landed in several years and a case which had been pending for a lengthy period in the courts has been finally settled. The decision was handed down Tuesday by the United States District Court of Appeals of the Sixth District at Cincinnati, on appeal from the United States District Court of Franklin county, and settles the question of taxation of national banks.

Under the decision of the Court of Appeals of the United States, national banks are not allowed to deduct from their surplus and undivided profits the amount of United States Government bonds which they may hold. The style of the case is Hager, Auditor, against the national banks. Some twenty banks were involved in the suit, which was a test on which all the national banks of the State would rely.

The suit was originally brought in the State Fiscal Court in Frankfort and also in the United States District Court. Judge Cochran, in the Federal Court, held that the banks could deduct the Government bonds from the surplus and undivided profits, and an appeal was taken by Attorney General Hays. The State Court held that the banks could not deduct the amount of bonds.

Under the decision of Judge Cochran a national bank with a surplus and undivided profits of \$200,000 and holding Government bonds to the amount of \$200,000 would not have to pay any taxes. The United States Court of Appeals says that this decision is not the law and orders that the bills be dismissed.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Mt. Sterling Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney sections. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular in passage. **DANGER SIGNAL NO. 2** comes from the back. Back pains, dull and heavy or sharp and acute, tell of sick kidneys and warn you of the coming of dropsy, diabetes and Bright's disease. Don't's Kidney Pills cure sick kidneys and cure them permanently.

M. F. Enright, of Hadden Avenue, Richmond, Ky., says: "Sharp aches and pains through the small of my back and across the kidneys were accompanied in my case with other unmistakable evidences of kidney disorders. My condition was so apparent to me that I searched high and low for relief, but seemed unable to find it until one lucky day a friend told me of Don's Kidney Pills and acting upon his advice, I got a box. They righted all the irregularities and weaknesses of the kidneys, and I am therefore more than glad to recommend Don's Kidney Pills to others."

Who Was the Man?

While walking upon an unfrequented path I met an aged man who was carrying two lighted lanterns. Recognizing him, I cried: "Ah, Diogenes, isn't it about time you gave up your search for an honest man?" "Friend," answered he, "I am often tempted to desist, but you mistake the object of my quest; I found an honest man several centuries ago.—Life."

TO HINDER MARRIAGE OUTSIDE THE PARISH

New Regulations for Catholics—Will Prohibit Elopements.

Pittsburg, Pa., Jan. 8.—A pastoral letter to be issued in the Lenten season by Bishop Canavin, of the Pittsburg diocese of the Catholic Church, as well as other bishops, will impose new regulations governing marriages. The letter will give full force and effect to the rescript of Pope Pius X., promulgated among Catholic clergy of the world several months ago, providing that no priest of one parish shall unite in marriage persons who are residents of another parish. The purpose is to throw around the marriage ceremony greater safeguards than ever before.

Heretofore the policy of the church in America has been quite liberal. The rule has been to avoid the marriage of eloping couples by refusing to wed persons coming from another State, but no prohibition has been placed upon the union of couples coming from any parish within the State.

Under the new regulations marriages celebrated outside the parish of the residence of either the bride or groom will be declared illicit, and such marriages will be possible only by false representations. The marriages may not be declared invalid, but it will be clandestine and illicit unless a special dispensation were procured, and the celebrants will be deprived of the benefits of the church.

"The law will be practically prohibitory of elopements and of all clandestine marriages." "It will place an additional obstacle in the way of marriages of Catholics with non-Catholics, to which the church has always been opposed, and almost invariably productive of unhappiness. The clergy of a parish are supposed to know their people, and if persons desiring to wed within the church are compelled to do so under the eyes of their own religious guides, there will be fewer errors and subsequent heart-breakings."

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The whole-some green leaves and tender stems of a long-leaved mountain shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to irritate or suppress. Simply a resinous plant extract, that soothes the inflamed lungs. The Spaniards call this shrub which the doctor uses, "The Sacred Herb." Always demand Dr. Shoop's Cough Cure. F. C. Duerson 25-51

The Open Door.

There are many beginners in sheep husbandry these days, and some of them are going to have trouble in their flocks through mistaken ideas of kindness to the sheep. One of these men found his sheep unthrifty and suffering from "cold in the head," though he did everything in his power to keep them in good shape. They had plenty to eat, clean quarters, and were housed from all storms. An old shepherd went to his barn and saw the trouble at once. The doors were all shut. He at once ordered them to be left open and the trouble disappeared. Remember, beginners, that the sheep does not care how cold it gets as long as he is dry and not in drafts. Let the doors of the sheep barn be open and avoid colds and unthrifty sheep.—National Stockman.

Rowan County Merchant Falls.

L. P. Simer, a prominent merchant at Morehead, has filed voluntary petition in bankruptcy. Liabilities \$12,000, assets \$14,000, out of which exemptions of \$1,500 are claimed. He attributes his failure to the closing of the bank at Morehead.

Mayors of cities of the fourth class met in Frankfort and adjourned for one week to prepare bills for submission to the General Assembly.

NEW BILLS INTRODUCED.

Some of the Measures Offered in the National House of Representatives.

Among the bills and resolutions introduced in the House at Washington were the following: Mr. Fulton, of Oklahoma, admitting free duty all imports into the United States carried in vessels of American make and register.

Mr. Wallace, of Arkansas, repealing the duty on wood pulp and printing paper.

Mr. Clark, of Florida, prohibiting the transportation in the mails or the depositing in any mail receptacle of any newspaper, magazine or publication containing the alleged facts of any divorce suit, murder case or other court proceeding "of an indecent or immoral character, or which would tend to corrupt the young."

Mr. Hinchaw, of Nebraska, taxing every national bank one-tenth of 1 per cent. of its annual average deposits for the creation of a fund of \$10,000,000 for the protection and reimbursement of depositors of national banks which fail; and prohibiting national banks from accepting deposits in excess of ten times their combined capital stock and surplus fund.

By Mr. Ferris, of Oklahoma, enabling the distribution annually of treasury surpluses among the States for the improvement of public highways and post roads, providing an eight-hour day on all government works, to prevent gambling in cotton and grain futures.

If Representative Sims, of Tennessee, can prevent it, no rural route mail carrier will be permitted knowingly to carry a package of intoxicating liquor to or from anyone on the route, and if he does so, his action shall be deemed unlawful and the offenders shall be dealt with according to applicable laws and regulations as the Postmaster General shall prescribe. The prohibition is contained in two bills introduced by Mr. Sims.

A bill reducing the regular army, on the first day of December, 1908, to 35,000 men, 10,000 of whom shall constitute an artillery force for coast defense, was introduced in the House by Representative John Sharp Williams. The standing army now composed embraces 40,000 old soldiers and men.

Heart Weakness

The action of the heart depends upon the heart nerve and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips, beats in its effort to keep up its work, causes pain and distress such as smothering spells, short breath, fainting, pal around heart, arm and shoulder pain, the circulation is impeded, and the entire system suffers from lack of nourishment.

Dr. Miles' Heart Cure make a heart strong and vigorous by strengthening these nerves and muscles.

"I had palpitation and pain around my heart, and the doctors said it was nervous. I don't believe it was. After taking six bottles of Dr. Miles' Heart Cure, three bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and three boxes of the Nerve and Liver Pills I am entirely cured, as feel better than I have for five years. I want you to know that your medicine cured me. I relieved me from the first dose, and I kept right on till I felt in my chest some good, and I was on feeling better even after I had taken it."

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the little bottle will benefit you. If it will he will refund your money. **Miles Medical Co., Elkhart, Ind.**
